Summary

Motivated second-year Computer Science student with hands-on experience in **Java, Python, C, and Django**, complemented by foundational knowledge in **data structures, algorithms, HTML, CSS, design patterns, and design principles**. Led the development of **Savor Swift**, a food delivery platform, where I developed key features and enhanced backend functionality using **SQLite3** database. Completed several projects using **Django**, showcasing expertise in web development and database integration. Passionate about solving complex problems and building innovative solutions, eager to expand technical expertise and contribute to impactful projects during a full-time internship after being hired.

Skills

Programming Languages: · C · Java · Python · Web Development: HTML · CSS · Django · Database Management Systems: SQL · Java Enterprise Technologies: JSP · JDBC · Servlets · Version Control: Github · Web Development Tools: Visual Studio Code · Design Patterns · Data structures and algorithms · Soft skills: Team Collaboration · Effective Communication · Problem-Solving · Time Management · Adaptability · Leadership · Critical Thinking

Projects

Savor Swift
Vijayawada,Andhra Pradesh
09/2024 - 12/2024

* Led the development of *Savor Swift*, a food delivery platform built with Django, ensuring seamless order processing and system efficiency.
* Fully developed the restaurant view and backend connectivity, enabling restaurant owners to manage menu items, feedback, and ratings.
* Designed a customer view for restaurant selection, order placement, and feedback submission.
* Implemented real-time email notifications to enhance user engagement.
* Utilized SQLite3 for efficient data management.

Education

KL University
Vijayawada,Andhra Pradesh
2023 - 2027
Bachelor's Degree in Computer Science - CGPA(9.9)

Sri Chaitanya Educational Institutions
Guntur,Andhrapradesh
2021 - 2023
Senior Secondary Education - percentage(97%)

Strengths

Creative Problem Solving
Innovative and able to think outside the box to come up with unique solutions.

Strong Leadership
Demonstrated ability to lead teams, manage projects, and motivate others towards achieving goals.

Continuous Learning
Proactive in acquiring new skills and staying updated on industry trends and technologies.

Key Achievements

Programming in Java Certification by NPTEL:
Successfully completed a rigorous Java programming course with 60%, strengthening core Java concepts, including multithreading and problem-solving skills.

Linguaskill English Proficiency Certification by Cambridge University :
Achieved B2 grade(169 score), demonstrating strong English language proficiency in reading, writing, listening, and speaking.

Joy of computing using python Certification by NPTEL:
Successfully completed Python programming fundamentals, problem-solving, coding efficiency, and debugging, building a strong software foundation, and scored 88%.

Responsive Web Design Certification
Completed **Responsive Web Design Certification**, mastering mobile-friendly layouts, accessibility, and adaptive design using **HTML & CSS**.
